SUMMARY

Backend developer with a Bachelor's in Computer Science (2025). Skilled in designing and deploying scalable APIs using Python, Django, and PostgreSQL. Strong knowledge of data structures, databases, and system design. Experienced in delivering reliable backend solutions with measurable performance improvements.

TECHNICAL SKILLS

- **Programming:** Python, C, HTML/CSS, JavaScript
- **Databases:** MySQL, PostgreSQL, MongoDB
- **Frameworks & Tools:** Django, REST APIs, Selenium, Git, GitHub, Linux Systems, Postman, VSCode
- **Coursework:** Data Structures & Algorithms, DBMS, Object-Oriented Programming, Web Development
- **Soft Skills:** Problem Solving, Collaboration, Adaptability, Leadership

EXPERIENCE

- **Python Backend Intern** Feb 2025 – June 2025
Neya AGI Pvt. Ltd., Mangaluru
 - Developed and deployed scalable backend services in Python and Django, automating supply chain workflows.
 - Built REST API endpoints with optimized queries and pagination, enabling real-time reporting.
 - Refactored backend logic, reducing load times and improving system responsiveness under heavy traffic.
 - Collaborated with frontend and QA teams, delivering a production-ready SFA system used by clients.
- **MongoDB Intern** June 2022 – Aug 2022
QSpiders, Mangaluru
 - Designed and implemented NoSQL schemas; performed CRUD operations to support sample applications.

PROJECTS

- **Pothole Detection System** Oct 2024 – Present
Machine Learning Python
 - Built a machine learning model achieving 90% precision in pothole detection, with parameter tuning for accuracy.
- **Personal Portfolio Website** Nov 2023 – Present
Web Development HTML, CSS, JavaScript
 - Designed and deployed a responsive website showcasing projects, skills, and contact details.

EDUCATION

- **B.E. in Computer Science** Dec 2021 – May 2025
Vivekananda College of Engineering and Technology, Puttur CGPA: 7.78
- **Pre-University (PCMC)** 2019 – 2021
R N Shetty PU College, Kundapura Percentage: 88.33%
- **SSLC** 2019
Excellent High School, Sunnari Percentage: 86.88%

CERTIFICATIONS

- Advanced Google Analytics – Google (2023)
- Project Management Foundations – LinkedIn (2023)
- Cybersecurity and Ethical Hacking – Infosys Springboard (2022)
- Agile Scrum in Practice – Infosys Springboard (2022)
